

Define a Group Delegation

Overview

As **Granted User** with the permission **Manage Group Delegation**, you will be allowed to define which groups will be delegated in which Projects.

Access Group Delegation page

To access to this feature :

1. You require the permission **Manage Group Delegation**.
2. Go to the **User Management** section
3. And click on **Groups Delegations**.

The displayed page looks like ...

USER MANAGEMENT

- Users
- Groups
- Groups Delegations

JIRA user server

USER DIRECTORIES

- User Directories

Group Delegations

Specify here for each Project(s)/Group(s), the Level of Delegation (Project Administrator, Group's Members or Allowed users by Permissions)

Filter on Project / Group

Select a project ▼ Select a group ▼

Filter on selected project Filter on selected group

Apply Filter

List of Group Delegation

Search for existing Group Delegations

From this page, you will be able to filter your search depending on the **Project** and/or the **Delegated Group**.

When applying the filter, the matching **Delegated Group** will be displayed with defined **Group Delegations**.

List of Group Delegation

Project	Group	Group Delegations		
Select ▼	Select ▼			
Project concerned by the delegation	Group concerned by the delegation	Users managed by	<input type="checkbox"/>	<input type="checkbox"/>
		Groups managed by	<input type="checkbox"/>	<input type="checkbox"/>
		Group's members displayed to	<input type="checkbox"/>	<input type="checkbox"/>
		Nested groups displayed to	<input type="checkbox"/>	<input type="checkbox"/>
		Nested members displayed to	<input type="checkbox"/>	<input type="checkbox"/>
		Select Delegation Levels for concerned option		
Help Desk Project	Qualification Analysts	Users managed by	<input type="checkbox"/>	<input type="checkbox"/>

Create a new Group Delegation

To create some **Group Delegations** for a Group or a Project or both, you will have to apply a filter on wanted criteria.

It will allow you :

- to see in first position an empty **Group Delegation** matrix,

Project	Group	Default	Group Delegations
Select ▼	Select ▼	<input type="checkbox"/>	
Project concerned by the delegation	Group concerned by the delegation		Users managed by
			Groups managed by
			Group's members displayed to
			Nested groups displayed to
			Nested members displayed to
			Select Delegation Levels for concerned option

- and in the same time, to double check which **Group Delegations** are not already created for the filtered Project/Group,
- and then, you will create a new **Group Delegation** by selecting :
 - the expected Project or the **Any** option,
 - the expected Group

If some **Group Delegation** exists for your selection, the creation will be rejected. You will have to modify it, since it is not allowed to create more than one set of Group Delegation per Project/Group.

If none exists, then you can use the empty matrix.

When selecting **Any** option for Project, the **Group Delegation** will be applied on all projects.

Modify a Group Delegation

To modify a Group Delegation, just click on the displayed line ...
