Project Scheme

When Timesheet Scheme is configured in your JIRA instance, you will have to enable to your projects, in order ...

- to associated each Project (concerned by the Timesheet management) with this Timesheet Scheme
- to grant all users, candidate to manage timesheets,
  - with the Approver Permission in the technical project **Minyaa Timesheet Project** (Project ***MYAATS***),
  - with the Approver Permission in the projects where they have to play this role,
