Allow on Null Remaining Estimate Condition

Overview

This condition is evaluated as True, if the Issue's Remaining Estimate is null or zero.

Edit and View Parameters

When defined, there is no special configuration.

XML Declaration

The Condition configuration may be done in XML in Workflow descriptor as follow :

```
<condition type="class">
   <arg name="class.name">fr.alkaes.myaatm.workflow.condition.
AllowEstimateToNull</arg>
</condition>
```
