Minyaa Suite 4.x is released

Perhaps, you missed it, but Minyaa 4.x is available since more two months ...

Since June 20th, first release of Minyaa **4.x** has been provided on Atlassian Marketplace. No global communication have been sent, because Minyaa Site and all the related documentation required to be updated ! But now ...

- The version 4.8 of Minyaa Suite has been reached and is available.

- The Minyaa Web-Site has been refreshed with new Trial Link for 4.x (here)

- A large part of documentation has been reviewed in new Confluence space : https://doc.alkaes.fr/display/MINYAA

Which news with Minyaa Suite 4.x ?

- Minyaa Suite 4.x is **compatible from JIRA 6.4.12 to 7.1.x**,

- Minyaa Suite is only based on V2 Plugins and then fully installable from JIRA Add-On Administration page from one of any available versions,

- Its Pricing's Structure has been reviewed in order to match with JIRA Users Limits ... See them also here

- A full refactorisation of Minyaa Suite Editions has been performed. Then, you may have to decide to stop to use one of them or to start with a new one ... See How to move from Minyaa 3.x to Minyaa 4.x ?

- Yes ... a new Edition joined the Minyaa Suite : Alkaes JIRA plugin - Users Security

- Minyaa Suite is provided as an OBR file including all of its Editions, but you will be able to apply the license only on the required editions. Soon, each of its Editions will be also available directly from the Marketplace.

- Versions of Minyaa integrate now the JIRA Version from which they are compatible :
  - **6400**.4.8 for JIRA **6.4**.12
  - **7000**.4.8 for JIRA **7.0**.x
  - **7100**.4.8 for JIRA **7.1**.x

- Your Requests (Support, Improvement, ...) will be now followed in Alkaes JIRA in dedicated projects :
  - Alkaes Minyaa Core,
  - Alkaes Minyaa Spread,
  - Alkaes Minyaa Time,
  - Alkaes Minyaa Workflows,
  - Alkaes Minyaa Predefined Reports,
  - Alkaes JIRA plugin - Users Security,
  - and always Minyaa Suite

- ... and of course, Minyaa 3.x has reached is End Of Life !

What would be the next steps ?

- The Compatibility for **JIRA 7.2.x** will be evaluated in few days ...

- Some new other Plugin/Editions will join the Suite soon.

- and I hope many other things ...

... and what else

- Request now a new Trial License for Minyaa 4.x ...
