Minyaa Suite 4.0 release for JIRA 7.0.x and JIRA 6.4.12

The 1st release of **Minyaa Suite** for *JIRA 7.0.x* and *JIRA 6.4.12* is now available ...

The provided plugins are the same as previous SNAPSHOT Version (See here) :

- Minyaa Workflows
- Minyaa Time
- Minyaa Predefined Reports (ex Minyaa Reports)
- Minyaa Core
- Alkaes JIRA Plugin - Settings Mangement
- Alkaes JIRA Plugin - Project Factory
- Alkaes JIRA Plugin - Commons
- Alkaes JIRA Plugin - Indexation Forced

But also :

- **Minyaa Spread :** With same feature as previous version of Minyaa (3.5.2)
- **Alkaes Users Security Plugin :**
  This new plugin provides a set of Customfield :
  - Single Project Role Picker
  - Multi Project Role Picker
  - User Picker from a Project Role identified by another Customfield (Project Role Picker or any Text Customfield)
  - User Field from any other User fields of an other Issue. This other Issue is identified by a Issue Link or in a field (Detailed docmunentation will come)
  - User Picker based on Permissions (fearture previously provided by Minyaa Tools)

Provided Releases are :

- **Minyaa Suite 7000.4.0 :** Usable from JIRA 7.0.0 to 7.0.10 (on Marketplace)
- **Minyaa Suite 6400.4.0 :** Usable for JIRA 6.4.12 (on Marketplace)
  (latest version of JIRA compatible with Minyaa 3.5.2)
- A 2 month Trial License is available :
  - Alkaes Minyaa Suite - renew - 2016-07-27 - 2016-08-27.key

Next steps should be :

- a full review of the documentation
- and different improvement in the License Generation process.
