

Timesheet Events

 Timesheet Notification Feature is currently broken due to change in Jira APIs.
It will be reviewed in future.

Timesheet Notifications

Timesheet Management is defined with a default Notification Scheme.

Event	Notifications	Actions
Timesheet Submitted	Project Role (Timesheet Approver) (Delete)	Add
Timesheet needs a review		Add
Review needed for a Worklog	Project Role (Timesheet Approver) (Delete)	Add
Timesheet Modified	Project Role (Timesheet Approver) (Delete)	Add
Timesheet Validated	Project Role (Timesheet Approver) (Delete)	Add

To allow such notification, Minyaa has implemented its own Notification Type Provider and Template Provider provided by Minyaa Core :

- Notification Type Provider
- Template manager.

Timesheet Notification Type

Timesheet Management comes with a new Notification Type based on the Permission Approve Worklog.

Timesheet Events

Some event are added in the configuration and associated to new Mail Template.Workflow for Timesheets

Name	Description	Status	Default Template	Associated Notification Schemes
Timesheet Submitted	The Timesheet has been submitted by its owner.	Active	Generic Event	Timesheet Notification Scheme
Timesheet needs a review	The Timesheet has been submitted by its owner.	Inactive	Generic Event	
Review needed for a Worklog	A Woklog Review has been asked by a Timesheet Approver.	Active	Generic Event	Timesheet Notification Scheme
Timesheet Modified	A already submitted Timesheet has been modified by its Timesheet Owner.	Active	Generic Event	Timesheet Notification Scheme
Timesheet Validated	The Timesheet Validation has been fully validated by Approvers.	Active	Generic Event	Timesheet Notification Scheme

Timesheet Mails

Following the configured Notification Scheme, each actor is notified by a mail where are displayed :

- The reference of the Timesheet : Owner, Period and Status
- The Workflow Transition which has raised the event
- A list of link to each Worklogs impacted by the transition
- The associated comment

Under contruction
