

Log Work by Delegation

What is it?

The problem you need to solve:

- Work should be logged for a user but he isn't able to log it right now,
- A logged work needs to be corrected by the Project leader,
- The author of a logged work has to be updated.

How Minyaa solves this problem: Minyaa allows you to grant a user the privilege to log time for another user (allowed to log work too).

- To create a worklog
- To update a worklog

Edit Log Work

Time Spent^{*} ⓘ (eg. 3w 4d 12h)

Worklog Type^{*}

Undefined Type ▼

Select Worklog Type associated to the spent time. ⓘ

Author

Start typing to get a list of possible matches.

Enter the Worker id. ⓘ

Start Date^{*}

15/Aug/16 9:58 PM

Adjust Estimate

☒ Adjust automatically

(the estimate will be reduced by the amount of work done, but never below 0.)

☐ Use existing estimate of **1 week, 2 hours, 40 minutes**

☐ Set to

Work Description

Style ▼ B I U A ▼ ⌘ A ▼     + ▼ ⌵

Allowing a User to Log Work by Delegation

In order to allow users or a group to log work for other users, you have to grant them the **Edit Worklogs for Team Members** Project Permission Scheme.

Permission	Users / Groups / Project Roles
Edit Worklog for Team's Members Gives the ability to Edit Worklog for Team's Members	Group (jira-administrators)

For more information on permission management in JIRA, please see [JIRA: Managing Project Permissions](#)

- [Minyaa Suite](#)
