

Workload Report - Issue Type

Configuration

Workload Report (Issue Type) is configured by selecting predefined **Report Types** giving criteria to use for the aggregation.
(See [Worklog Reports Concepts](#))

This report is also altered depending on **Merge Sub Issue-Type** parameter and special aggregation criteria, the **Sub Task (ST)** and **Sub Task Only (STo)**.
See the [Workload Issue Type in details](#).

Configure - Workload Issue Type

Report: Workload Report - Issue Type

Description:

It displays the Time Spent for the Issue perimeter on specified period decomposed by specified Group Level and by Issue Type.

Report Type

Category, Resource, Pr

Report Type (Predefined Group Level)

Display Model

Hierarchical

Define which Template is used to display Report (Hierarchical, Flat, ...)

Merge Sub Issue-Type

Yes

Sub-Task will be merge depending on the Issue Type of the Parent Issue

Flattened Level

Nb. of level to flat. By Default all levels are flattened, but it causes missing values if sub-task are presents. See documentation for details on <https://doc.alkaes.fr/display/ALKMT/Worklog+Reports+Concepts> .

Start Date Time

Low limit date time of entries. If not specified, begin of month of specified End Date. Relative Date may be used (BOM, EOM, BOM-1M, -1D, ...) See Relative Date Operator in <https://doc.alkaes.fr/display/ALKMT/Worklog+Reports+Concepts#heading-RelativeDateOperations> .

End Date Time

High limit date time of entries. If not specified, end of current month. Relative Date may be used (BOM, EOM, BOM-1M, -1D, ...) See Relative Date Operator in <https://doc.alkaes.fr/display/ALKMT/Worklog+Reports+Concepts#heading-RelativeDateOperations> .

JQL Filter

2 Projects Filter

JQL Filter (favorite or owned filters) used to filter Issues Worklogs (Optional). If none are selected, others criteria are used (Category, Project, Developer). If one is selected, Category and Project criteria are ignored.

Category

Any Category

Project Category used to filter Issues Worklogs (Optional). If none are selected, others criteria are used (Project, Developer). If one is selected, Project criteria is ignored.

Project

Any Project

Project used to filter Issues Worklogs (Optional). Used only if no JQL Filter and no Category are selected.

Developer

Start typing to get a list of possible matches.
Developer having entered the time spent

Report Unit

In Day Fraction (DD,##

Report Unit used to display Time Spent
